## Dear Customer

Our owner, Xano Industri AB, has acquired Blowtech, which are now included in the same business unit as Cipax.

With Blowtech in our group, we extend our offer to you as a Customer to include also technical blow molding. This means that we become a more complete supplier of Your need for plastic products from smaller series to high volume production.

Blowtech is a leading Nordic player in technical blow molding. The company has through many years of experience gained a very strong position particularly in the Nordic market. Blowtech has production facilities in Gnosjö and Kongsvinger with a total of about 120 employees.

If you are interested to know more, please contact Mats Rosenqvist;
